For Recycling Commodities

Kentucky Recycling Assistance Section

January 2017

Deadline is April 7 for Recycling and HHW Grant Applications to DWM

The Energy and Environment Cabinet's Division of Waste Management (DWM) is accepting grant applications for projects that develop an integrated infrastructure and offer public education programs on recycling and for household hazardous waste (HHW) collection events.

Examples of grant eligible recycling equipment include vertical and horizontal balers, sorting conveyors, forklifts, skid steer loaders, scales, manual pallet jacks and collection "drop-off" trailers, as well as education and advertising promotions. During the HHW events, funding covers proper disposal of hazardous materials by an authorized vendor, education and advertising costs.

Grant funding comes from the Kentucky Pride Fund and is underwritten by a \$1.75 per-ton fee on municipal solid waste disposed of in Kentucky's contained landfills. Local governments, solid waste management districts, public schools, universities and colleges are eligible to apply. Priority is given to applicants who propose regional projects.

Applications must be postmarked no later than April 7, 2017, or hand-delivered to the recycling assistance section of the Recycling and Local Assistance Branch by 4 p.m., April 10, 2017. Applications must be the original version and contain any supporting documentation in order to be complete. Each grant requires a 25 percent local match.

For more information, contact J.R. Holt at 502-782-6385 or e-mail him at Frederick.Holt@ky.gov. You may also visit the division's website at <http://waste.ky.gov/RLA/grants/Pages/default.aspx>.

Solid Waste Management Plan Update Training Scheduled

The Recycling and Local Assistance Branch (RLA) will be hosting three training sessions in February on how to effectively update your solid waste management plan (SWMP). This plan gets updated every five years as per Kentucky law, and these three trainings are free and open to any solid waste coordinator, judge executive, magistrate or any other interested party.

Tips and information will be shared on each chapter of the plan including background, collection systems, disposal systems, recycling and reduction, open dumps and litter, facility siting, enforcement, and financial mechanisms.

The trainings are as follows:

February 7—Frankfort, 9-4 EST—Sower Bldg., 300 Sower Blvd, 1st Floor Training Rooms B & C

February 21—London—9-4 EST—342 Old Whitney Road, Cumberland Valley ADD Office

February 23—Hopkinsville—9-4 CST—300 Hammond Drive, Pennyryle ADD Office

If you are interested in attending one of these trainings, please RSVP to Becky Block at 502-782-6322 or rebecca.block@ky.gov by January 31. Please indicate the training you plan on attending and the number of attendees.

Recycling Market Prognosis

Resource Recycling reports that recycling market players suggest these trends for January.

	<u>Demand</u>	<u>Price</u>
Ferrous	Slightly higher	Stable to rising
Aluminum	Slow rebound	Volatile
Paper	Seasonal slowdown	Year-end decline
Plastic	Bales will move	Ugly
